Derek Melber, MSCE, CISM

Derek Melber is a nationally known trainer, consultant and author, focusing on all aspects of Windows, including: security, auditing, Active Directory, and Group Policy. Derek has provided training and the consulting services for some of the largest companies in the world. Derek's new website, www.auditingwindows.com, is dedicated to Windows Auditing and Security.

Derek has written the first series of books on auditing Windows security, which are available at www.auditingwindows.com and www.theiia.org bookstore. Derek also has online training for auditing Windows security at www.auditlearning.com.

You might have seen Derek speaking at a recent conference, since he speaks for MISTA, IIA and TechMentor.
