Planning for 2005 – 2006 Chapter Year in Progress

The newly constituted board is working on activities for the upcoming year. Details of the program year will be published in August. As in the past, the chapter's first meeting for the new year will be held in September. Please attend if your schedule permits.

2004 – 2005 Membership Survey Results Are In ...

Thanks to everyone that participated in the chapter's annual survey — 49 out of 95 members (52%) participated. The Board's goal of surveying 50% of the membership base was attained. We would not have reached this goal without your participation.

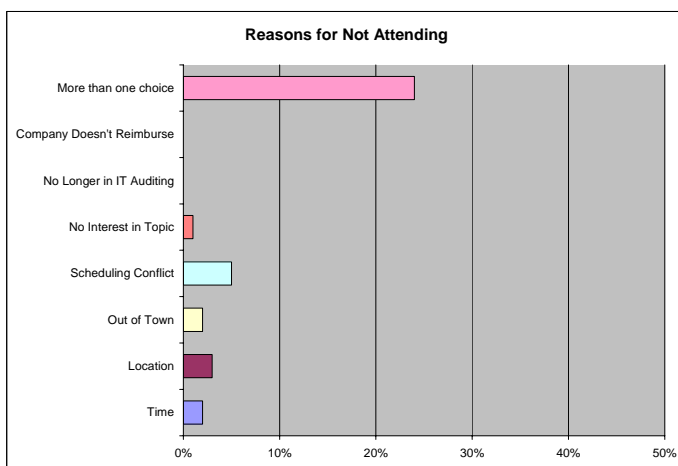

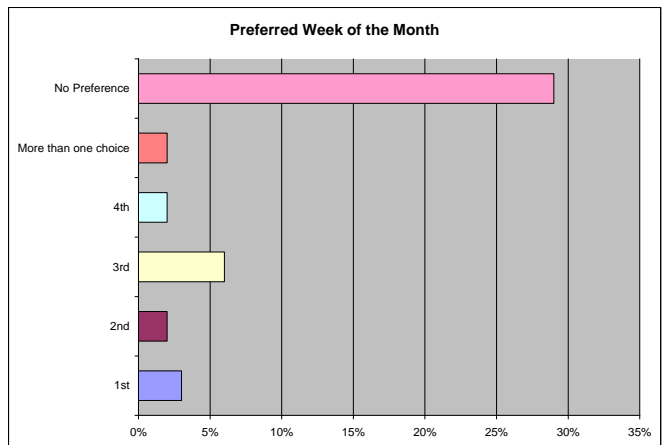

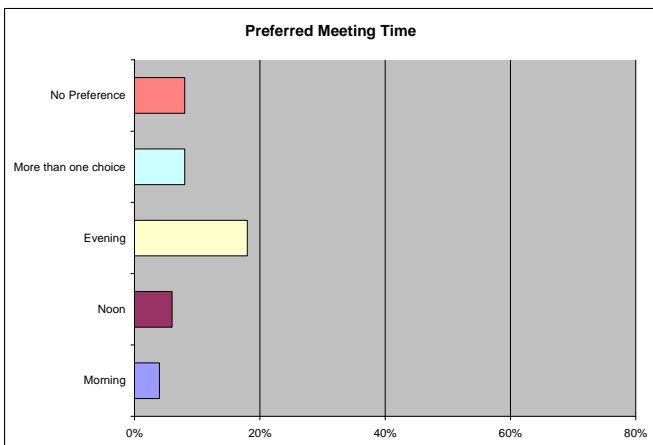

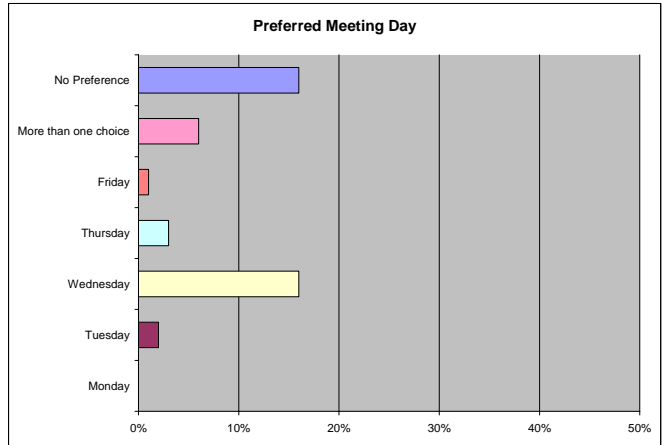

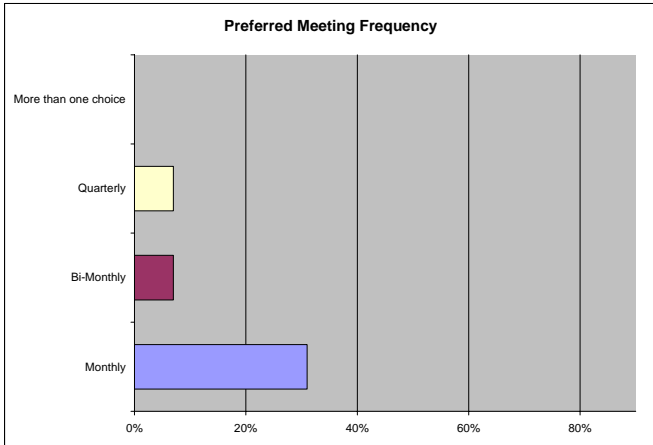

As most of you know, this year's survey was conducted by phone. The purpose of the phone survey was to create an interactive discussion on how meetings, seminars, and services can be enhanced to better serve your needs. We fulfilled this purpose.

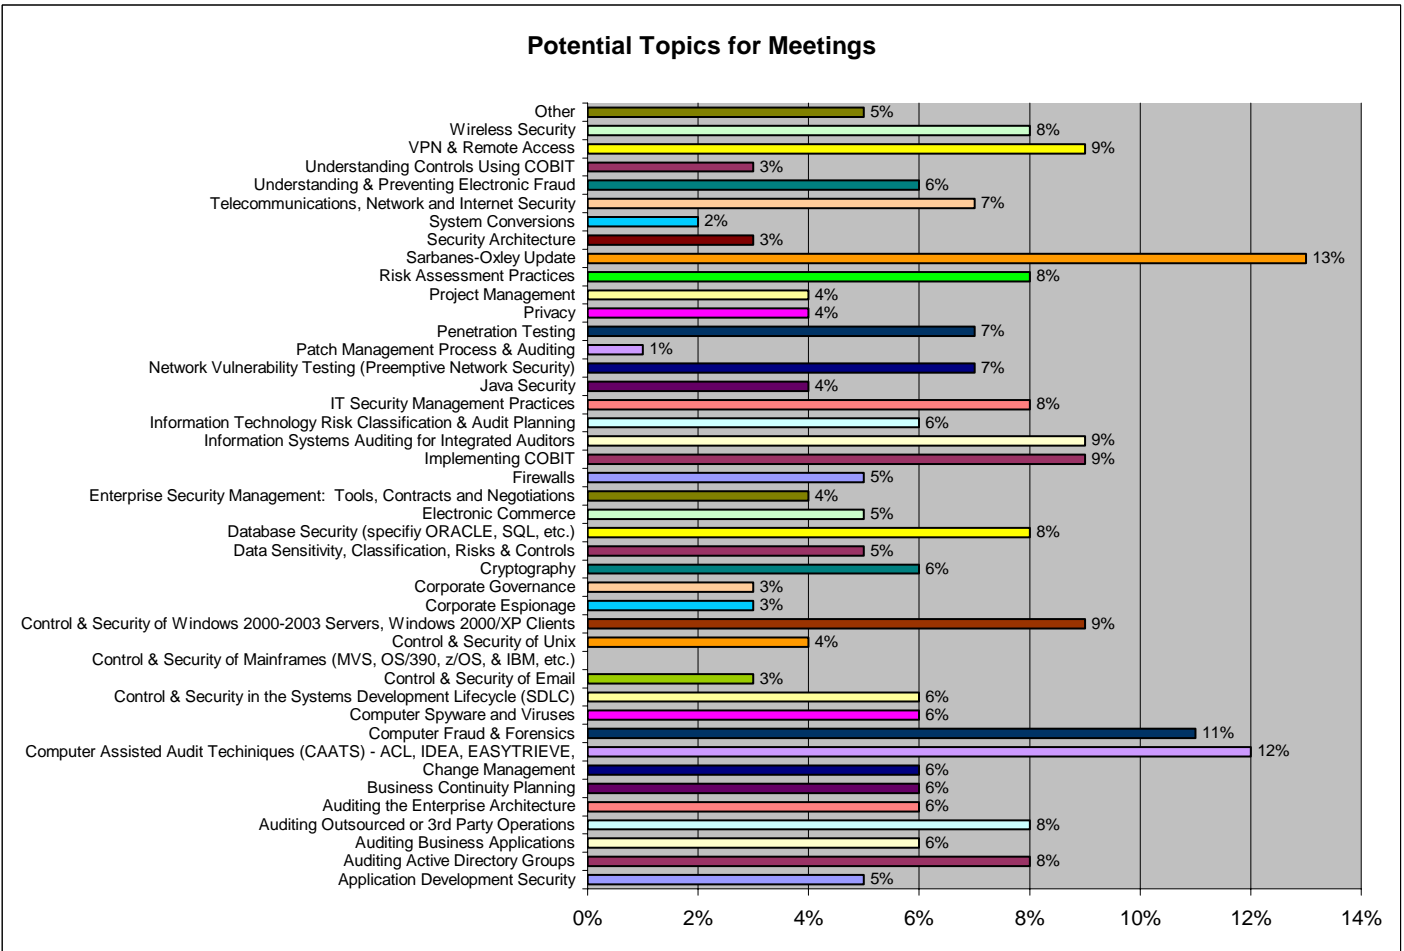

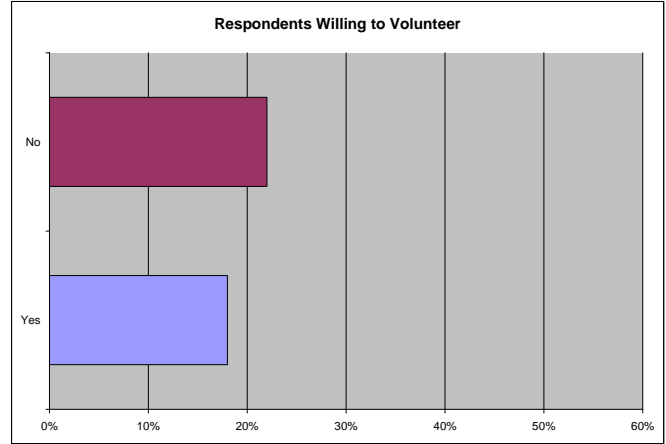

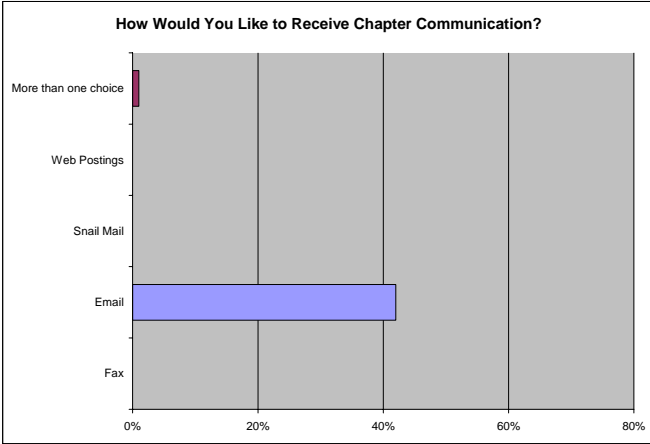

The results of your responses in key areas are illustrated in graphs on the following pages for your information. Based on the results, the majority of members prefer monthly meetings, in the evening, on the third Wednesday of the month. For topics, Sarbanes-Oxley Update, Computer Assisted Auditing Techniques, and Computer Fraud & Forensics are of high interest. As for chapter communication, the majority prefer to receive information by e-mail.

The Board will take your feedback into consideration while planning for the upcoming year. In the meantime, if you have other information you would like to share about topics or speakers for the Board to consider, please send it to John Juarez or Richard Rosenthal.

Thank you,

Richard Rosenthal, President
